SIO Alu Stack. Robust structure made from modular Aluminium profiles for Interior and Exterior Applications.

SIO Alu Stacks are known for their absolute quality and certified sealing, resistance and durability. This, along with the finish and longevity of their use in this sector has made them the preferred choice of top designers and expert installers.

SIO Alu Stacks are robust sliding and folding structures made from modular Aluminium profiles. Their exclusive design with rounded profiles and perfect surface treatment gives them an elegant appearance. They are made to measure and designed for easy installation.

SPECIAL FEATURE:

SIO Alu Stacks have fully concealed hinges inside profiles. This gives the folding doors a very attractive finish, in addition to providing enhanced security by denying access to components from outside.

APPLICATIONS:

Interior and Exterior applications like Verandas, Balconies, Terraces, Shopping centers, Bars, Restaurants etc.
